CenTrak Launches Webstore

Purchasing CenTrak Batteries and Accessories Made Simple

Dear Customer,

CenTrak would like to thank you for your business and continued support. We are always striving to improve your CenTrak experience. To that end, CenTrak is pleased to announce the launch of the CenTrak Webstore. Our new e-commerce site will help streamline the ordering process for our most commonly requested consumables (e.g. batteries and tag attachment accessories). CenTrak developed the webstore using a leading e-commerce platform, which is easy to use and completely secure. The website accepts credit card payment, and will send automated emails to confirm orders. If you prefer to order batteries and accessories using traditional purchase orders, you may continue to do so.

We invite you to see a preview of the webstore here: www.centrakstore.com or by clicking the shopping cart icon above.

Access & Discount Code

To gain access to the CenTrak Webstore, please contact your CenTrak sales representative for your password and discount code.

CenTrak offers 25% off accessory and battery price for all customers that are current with SMA. To receive your discount, enter your code at check-out, before payment is processed.

Feel free to contact your CenTrak sales representative or sales@centrak.com with any questions.
